

Course Mechanics

- There are several pieces of software and tools that you will need to have available on your computer.
- Please, please, please, complete all the installation and setup discussed here.
- The whole process may take you a half hour or so, but if you run into any difficulty, you'll want to get assistance before lecture on Tuesday.

CS61 Infrastructure

- The [CS61 Infrastructure Page](#) provides instructions on:
 - Obtaining a hypervisor that will allow you to run the CS50 Appliance (the instructions for CS50 students apply also to students in this course)
 - Installing/Updating the CS50 Appliance
 - Installing the CS61 tools on the Appliance
 - Getting set up with code.seas.harvard.edu
 - Getting a copy of the [lecture repository](#)
 - Getting a copy of the [problem set repository](#)
